# Carrie LED Lamp

The Carrie LED Lamp embodies what makes Scandinavian design great: minimalism, innovation, love of light, and the indefinable “hygge”. The portability and diffuse glow make it useful for both indoor and outdoor lighting. Designed by Copenhagen-based Norm Architects as a portable, lightweight lamp, the Carrie LED Lamp is unique for its multiple uses and mutability. With a sleek, functional handle and three different light levels creating a warm orb of light nestled gently in a basket-like base, the lamp is useful almost anywhere; even on the go, as it is cordless and comes with a USB charger. Move it from your office to your bedside table, to your evening picnic in the park, and in your bicycle basket as you ride home. The cosy light created by this special piece of lighting and supplying 10 hours of battery time when fully charged, brings comfort and sophistication wherever you are. The new line extension comes in a brushed brass finish, bringing an additional sense of richness and elegant texture to the sleek lines of the lamp.

Please note that the lamp is tested to IP20. Thus, Carrie LED lamp can be used indoor and outdoor, but must not be used in moist conditions and rain.

## Product Type

Table Lamp

## Environment

Indoor / Outdoor (dry conditions only)

## Dimensions (cm / in)

H: 24,5 cm / 9,6"

Ø 13,5 cm / 5 ¼"

## Colours

Black

Burned Red

Olive

Brushed Brass

## About the Designer

Founded in Copenhagen in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn, Norm Architects specialise in residential architecture, commercial interiors, industrial design, photography and art direction. Today, the group regularly collaborates with MENU, helping to drive the evolution of the brand and its product offerings. Norm Architects' name reflects the group's emphasis on the importance of drawing inspiration from norms and traditions within architecture and design – particularly the Scandinavian design principles of timeless aesthetics and natural materials, and the modernist values of restraint and refinement. Guided by these principles, Norm Architects produce design that unites good materials and craftsmanship, while embodying beauty, traditions, history and, most importantly, timeless simplicity, where there is nothing more to add or take away

## Production Process

The glass is mouth-blown opal glass with an acid finish. The body is powder coated steel or plated steel.

## Materials

Powder Coated Steel or Brass Plated Steel,  
Glass

## Weight item (kg)

1,03 kg

## Voltage (V)

220V

## Light source & Energi efficiency class

Led Panel, 3,2 Watt, LED, A+

## Cord material and Cord length (cm / in)

Black PVC, 70 cm / 19 ¾"

## Classification

IP20

## Certifications

EMC: EN 55015:2013; EN 61547:2009; EN 61000-3-2:2014; EN 61000-3-3:2013;

EMF: 62493:2010; EN 62471:2008

## Packaging Type

Giftbox

## Packaging Measurement (H \* W \* D)

29 cm \* 16 cm \* 16 cm

## Care Instructions

Use a soft dry cloth to clean. Do not use any cleaners with chemicals or harsh abrasives. Avoid using water.
